

Grand Rapids Alternate Route to Downtown

During the construction on I-196 from April 12 - November 30, 2010, the downtown area of Grand Rapids is still open for business and easily accessible. To avoid construction delays your alternate route should include traveling eastbound or westbound on M-6 to northbound US-131 to downtown Grand Rapids. Simply exit at Pearl Street (85B) to visit DeVos Place convention center and hotels, museums, restaurants, nightlife and everything else Grand Rapids has to offer.
